*Referenserna i denna lista ligger till grund för den ursprungliga versionen av riktlinjerna "Riktlinjer vid psykisk ohälsa på arbetsplatsen" som publicerades första gången 2015. Den andra utgåvan av riktlinjerna med titeln "Riktlinjer för psykisk hälsa på arbetsplatsen" är en reviderad version med den ursprungliga versionen som grund varför de allra flesta av dessa referenser också är aktuella i den nya versionen. Referenserna återges i det referenssystem som användes för den ursprungliga versionen och är på samma sätt som då indelade i avsnitten **kunskapssammanställningar, riktlinjer, diagnostiska instrument och frågeformulär samt originalartiklar.***
